Art Teacher

Professional artist

Other comments:

As a ceramics group in the Moreton Bay Region, Ceramic Arts Moreton Bay Inc. (CAMB) aims to share knowledge and resources and to foster the promotion of ceramic arts; the ultimate aim being the staging of a biennial, two day convention, hosting renowned ceramic artists as tutors and /or workshops presenters.

Membership is available to any persons interested in ceramics and sharing the passion for ceramic promotion. As a member of CAMB, there are opportunities to further your skills, associate with others working in ceramics, keep updated with the CAMB Newsletter and social media page and engage in development opportunities.

Our past, successful events include:

- Down to Earth 2015 featuring David Scott and Ann O'Connor, along with members from CAMB's founding clubs
- Down-2-Earth 2016 featuring Shannon Garson, Claire Locker, Ian Reid and Yvonne Bouwman
- Various workshops including Terra Sigilatta, Saggar, Pit Firing and Surface Decoration during 2017

Down-2-Earth 2018 is set to be even greater!
